Site Supervisor Safety Training Scheme – Refresher Course

Who Should Attend

This one day course is intended for those who currently hold the Site Supervisors' Safety Training Scheme certificate and now need to update their skills and knowledge in line with current legislation and maintain their SSSTS qualification.

Aims

The refresher course aims to:

- Raise awareness of current trends within the Health and Safety Executive direction of enforcement
- Improve awareness of recent development in construction, legislation and health and safety, welfare and environmental issues
- Identify measures that will assist the practical implementation of responsibilities established by new legislation and working practices

At the end of the period of training, delegates will be able to:

- Be aware of, and able to implement all updated health, safety, welfare and environmental legislation which affects them in their role as a supervisor
- Be aware of and able to implement new guidance and industry best practice affected by changes
- Be more aware of their duties and responsibilities with regard to health, safety, welfare and the environment

Certification

The method of assessment will be by multiple-choice questions at the end of the course as well as being expected to be interactive during the course.

This certificate expires every five years. After this period certificate holders are required to sit a further SSSTS refresher course to renew their qualification for a further five years.
